A life long passion for cooking and eating authentic, delicious Vietnamese food, led to a trip back home to Vietnam. It was here, during a gathering with family and long lost friends, eating some of Vietnam's traditional treasures, Banh Mi, Pho, Rice Paper Rolls, and Vietnamese salad, **The little Pho Cafe** was born.

Our goal is simple. Having grown up sampling all the fine traditional morsels Vietnamese food has to offer, The little Pho Cafe will produce and supply you with only the best, authentic tastes, using only the finest, freshest ingredients and cooking them the only way we know how to, the traditional way.
